

“My approach to maintaining the garden is just to have fun!”

Francesco has far too much to do; the lawn needs mowing – particularly the edges on the gravel path. The hedge also needs a fresh cut. Francesco uses his KombiEngines and a selection of appropriate extension tools for these different tasks. In just a quick hand movement, the brushcutter becomes a hedge trimmer.

KombiTools mean that the STIHL KM 56 can be used for a diverse range of tasks.

It's the work breaks that Francesco enjoys the most, with his wife Ale and a good espresso.

Order No. 4149 200 0037

5

A "C" comfort feature in the product name: Many STIHL tools are standard-fitted with special comfort features, which can be identified by the "C" in the product name, e.g. KM 94 RC-E. The "E" stands for the STIHL Easy2Start.

For suitable fuels and lubricants, see page 188 onwards.

E = Easy2Start

R = Loop handle

Ⓞ Weight excluding fuel

For retail pricing visit www.stihl.com.au
